WELCOME, KAYA

Edith Cowan University acknowledges and respects its continuing association with the Noongar people, the traditional custodians of the land which its campuses stand.

Welcome to WAAPA's Production and Design & Arts and Cultural Management Showcase. I am delighted to host this opportunity for the industry to meet our talented graduates before they set off on their exciting careers. The work of designers, technicians, makers and managers is often unheralded, discreet and demanding, but always very essential. I am immensely proud of the creativity, innovation and resilience these students have displayed in staging our performances at WAAPA and beyond during the course of their training. Graduating can be an intimidating prospect, often fraught with uncertainty, so I hope you will welcome them into the sector and continue to develop and support these talented practitioners of the future.

Associate Prof. Richard Reddrop

Associate Dean, Production and Design

The background of the slide is an abstract composition of soft, flowing waves in various shades of teal and light green, creating a sense of movement and depth. The waves are layered, with some appearing more prominent than others, giving the background a three-dimensional feel.
